
Contents

ACKNOWLEDGMENTS	vi
1. Introduction	1
• Purpose and Goals	1
• The Growth of Mathematical Thinking in Young Children	3
• NCTM Content and Process Standards	4
• Best Practices in Mathematics for Young Children: Promoting Good Beginnings	4
• The Importance of Observing and Listening to Children	7
• Storytelling and Mathematics for Young Children: “Hanny the Honey Bear”	8
2. Number and Operations	13
• The Big Picture: Selected Expectations from <i>Principles and Standards for School Mathematics</i>	13
• Young Children’s Mathematical Thinking about Number and Operations	13
• Number and Operations Activities	16
— Hanny Learns to Count from the Prairie Dogs	17
— The Doughnut Game	21
— Number Sculptures	23
— How Many Are Hiding?	26
— Developing Pictures	28
— The Sharing Game	31
— Snaking Numerals	35
— Tossing Pom-Poms and Making a Book	38
— Food Fractions: Can You Cut It?	42
— <i>Benny’s Pennies</i>	46
— A Calculator Game: Making Numerals	49
• The Last Word: Comments from Teachers about Number and Operations	53

Contents

3. Geometry	55
• The Big Picture: Selected Expectations from <i>Principles and Standards for School Mathematics</i>	55
• Young Children's Mathematical Thinking about Geometry	55
• Geometry Activities	58
— Hanny Learns about Making Shapes from the Baby Elephants	59
— Construction Creations	63
— Lots and Lots of Boxes	66
— Transformation!	68
— Block-Stacking Game	70
— Quilting with Paper	72
— Triangle Blocks	74
— Six-Pack Weavings	77
— Shape Steps	79
— Where's the Bunny?	81
— Mystery Sticks	84
• The Last Word: Comments from Teachers about Geometry	87
4. Algebra	89
• The Big Picture: Selected Expectations from <i>Principles and Standards for School Mathematics</i>	89
• Young Children's Mathematical Thinking about Algebra	89
• Algebra Activities	90
— Lulu the Llama Helps Hanny Learn to Make Patterns	91
— Time Capsule	95
— Pattern Count	98
— Patterns with Pairs!	100
— <i>Mrs. McTats and Her Houseful of Cats</i>	103
— Writing Music	106
• The Last Word: Comments from Teachers about Algebra	109

Contents

5. Measurement	111
• The Big Picture: Selected Expectations from <i>Principles and Standards for School Mathematics</i>	111
• Young Children’s Mathematical Thinking about Measurement	111
• Measurement Activities	112
— Hanny Learns about Measuring from Morty, the Long-Legged Moose	113
— Measure March	117
— <i>Guess How Much I Love You</i>	119
— What Is Taller?	121
— Footprints	124
— How Long Is a Minute?	126
• The Last Word: Comments from Teachers about Measurement	129
6. Data Analysis	131
• The Big Picture: Selected Expectations from <i>Principles and Standards for School Mathematics</i>	131
• Young Children’s Mathematical Thinking about Data Analysis	131
• Data Analysis Activities	132
— Help Hanny Make a Graph about Your Favorite Zoo Animals	132
— Toys of All Sorts!	136
— Buried Treasure	139
— My Missing Sock	141
— Creature Caves	144
— Polling the Crowd	147
• The Last Word: Comments from Teachers about Data Analysis	150
Appendix A	Selected Expectations from <i>Principles and Standards for School Mathematics</i> (NCTM 2000)
	153
Appendix B	Early Childhood Mathematics: Promoting Good Beginnings: A Joint Position Statement of the NAEYC and the NCTM
	157
Appendix C	Templates for Animal Stick Puppets
	181
Appendix D	Templates for Creature Cards
