

PLEASE NOTE THAT WORKSHOPS PREVIOUSLY SCHEDULED FOR ROOM 302 HAVE BEEN MOVED TO ROOM 304

THURSDAY

8:30 AM - 9:30 AM

The Elementary Math Digital Classroom

PreK-5 (Exhibitor Workshop)

Come and learn ways to implement digital instructional materials and assessment into your elementary math class. This session will focus on using an interactive whiteboard to engage students with mathematics and to use digital assessment systems to inform instruction and intervene with struggling students.

Pearson

Pearson, Upper Saddle River, New Jersey

Room 301

8:30 AM – 9:30 AM

Teach Times Tables in ONLY 3 WEEKS—Guaranteed!

K-6 (Exhibitor Workshop)

Rhymes 'n' Times is a research-based, MULTISENSORY program to teach Times Tables in ONLY 3 WEEKS—Guaranteed! If the class average isn't 90% on the final test—100% refund. Addresses all 4 learning styles to meet needs of Regular, Special Needs, and Gifted students. Rtl-optimized for all 3 Tiers. View a 3-minute video at www.rhymesntimes.com.

Rhymes 'n' Times

Rhymes 'n' Times, Baton Rouge, Louisiana

Room 304

10:00 AM - 11:00 AM

Pearson's New Middle Grades Math Program

6-8 (Exhibitor Workshop)

digits™ uses the power of technology to deliver the best practices of teaching. This new program is built for today's students with Interactive Whiteboard lessons and online homework and assessments. **digits™** streamlines instruction through point-of-need resources that are intuitive for teachers and allows them to address the individual needs of every student.

Pearson

Pearson, Upper Saddle River, New Jersey

Room 301

10:00 AM - 11:00 AM

SMILES of Success for Students, Parents, and Teachers: Britannica Smartmath!

K-5 (Exhibitor Workshop)

Participants will engage in a lively and interactive demonstration of web-based practice and assessment for elementary students. Move students toward computational fluency while using tools that allow teachers to differentiate, assess, track, and evaluate in real-time. Students enjoy doing math at home or in the classroom.

Britannica Digital Learning

Britannica Digital Learning, Chicago, Illinois

Room 304

11:30 AM - 12:30 PM

Meeting the Common Core Standards for Middle Grades Mathematics

6-8 (Exhibitor Workshop)

The new *Math Innovations* program, developed using *Focal Points* and correlated with *Common Core Standards*, encourages students to think like mathematicians with a focus on reasoning, sense-making, questioning and discourse. Learn how concepts are developed in depth with multiple connections in conjunction with computational fluency and flexibility.

Kendall Hunt Publishing Company

Kendall Hunt Publishing Company, Dubuque, Iowa

Room 301

11:30 AM - 12:30 PM

Hit the Ground Running with GO Math!

K-6 (Exhibitor Workshop)

See how Go Math!, a Common Core Standards program, comes alive in an Elementary classroom with strategies, activities, and materials from this one-of-a-kind K-6 program.

Houghton Mifflin Harcourt

Houghton Mifflin Harcourt, Boston, Massachusetts

Room 304

1:00 PM - 2:00 PM

Folding for Understanding: Teaching Math with Dinah Zike's Foldables®

General Interest (Exhibitor Workshop)

Discover new ways to enhance student understanding of complex material using evidence-based, kinesthetic, and integrative Foldables®. Use basic classroom materials to make and take learning and assessment tools that build in differentiation, improve student achievement, and reduce paper use. Leave with practical ideas ready to use on Monday.

Dinah-Might Adventures, LP

Dinah-Might Adventures, San Antonio, Texas

Room 301

1:00 PM - 2:00 PM

The Value of Place Value in Singapore Math

K-2 (Exhibitor Workshop)

Place Value, Number, and Number Sense are the foundational backbone of the Singapore math curriculum. This solid and thoughtful development of place value leads to deeper conceptual understanding and fluency. come see how to achieve global math excellence for your school and district with *Math in Focus*, the US edition of Singapore's math curriculum.

HMH Specialized Curriculum

Houghton Mifflin Harcourt, Boston, Massachusetts

Room 304

2:30 PM - 3:30 PM

Developing Students' MP³: Mathematical Promise, Passion, and Perseverance

2-6 (Exhibitor Workshop)

Put your students on course to become mathematicians as they develop critical and creative problem-solving skills. The award-winning, USDoe Javits-funded *Project M³: Mentoring Mathematical Minds* for 2nd -6th grade students and the new NSF-funder *Project M²: Mentoring Your Mathematicians* for primary students are both challenging and motivational.

Kendall Hunt Publishing Company

Kendall Hunt Publishing Company, Dubuque, Iowa

Room 301

2:30 PM - 3:30 PM

How Singapore Math Builds Algebra with Consistent Visual Models

3-5 (Exhibitor Workshop)

Proficiency with visual models is the key to success in Algebra and beyond. Algebra is one of the most difficult subjects for US students to master. Singapore math provides solid visual models called bar models that evolve from grade to grade. Come see how bar modeling is used in *Math in Focus*, the US edition of Singapore's most widely used program.

HMH Specialized Curriculum

Houghton Mifflin Harcourt, Boston, Massachusetts

Room 304

FRIDAY

8:30 AM - 9:30 AM

Make Sense of Numbers Using Mathematical Models from Math in Context[®]

General Interest (Exhibitor Workshop)

Experience realistic mathematics education and problem solving while exploring multiple number models. These models will move students to a deeper understanding of number and operations. Each participant will receive a free *Number Tools[®]* workbook.

Britannica Digital Learning

Britannica Digital Learning, Chicago, Illinois

Room 301

8:30 AM – 9:30 AM

Using Calendar Math for Math Intervention

K-5 (Exhibitor Workshop)

Discover how Adams Twelve Five Star Schools is using *Every Day Counts Calendar Math* to differentiate instruction and approach math concepts at a variety of levels to target learners at all levels of mathematics understanding. Higher-level questions and targeted learning strategies help all students succeed. Presented by Theresa Gilbreath and Sherri Calcagno.

Houghton Mifflin Harcourt

Houghton Mifflin Harcourt, Boston, Massachusetts

Room 304

10:00 AM - 11:00 AM

Using Online Math Interim Assessments to Support Response to Intervention

General Interest (Exhibitor Workshop)

Join us for a demonstration of two online tools that monitor student progress in math through a typical RtI system. Both **Acuity** and **Yearly Progress Pro** provide timely, reliable math assessments that mirror the level of instructional intervention students need. Data and examples will be presented.

CTB/ McGraw-Hill

CTB/McGraw-Hill, Evergreen, Colorado

Room 301

10:00 AM – 11:00 AM

Teach Times Tables in ONLY 3 WEEKS—Guaranteed!

K-6 (Exhibitor Workshop)

Rhymes 'n' Times is a research-based, MULTISENSORY program to teach Times Tables in ONLY 3 WEEKS—Guaranteed! If the class average isn't 90% on the final test—100% refund. Addresses all 4 learning styles to meet needs of Regular, Special Needs, and Gifted students. RtI-optimized for all 3 Tiers. View a 3-minute video at www.rhymesntimes.com.

Rhymes 'n' Times

Rhymes 'n' Times, Baton Rouge, Louisiana

Room 304

11:30 AM - 12:30 PM

The Three R's: Rigor, Relevance and Reality

General Interest (Exhibitor Workshop)

Experience the engaging mathematics and stimulating questioning that made *Big Ideas Math* the Texty Award winner for best K-12 math textbook of 2010. New from authors Ron Larson and Laurie Boswell, *Big Ideas Math* is a Focal Points Curriculum that helps teachers create a classroom that is filled with inquiry, investigation, and experimentation.

Holt McDougal

Houghton Mifflin Harcourt, Boston, Massachusetts

Room 301

1:00 PM - 2:00 PM

America's Got STEM Talent!

General Interest (Exhibitor Workshop)

Help elevate America's next generation of technical talent! You will judge entries in STEM education approaches, Projects, and Materials. Each category is centered on strengthening STEM skills of America's students. You will be invited to participate in a free STEM pilot that provides access to cutting edge technology and multimedia resources.
