Orders and order questions • (800) 235-7566 • nctm@nctm.org

Subscription agencies may order Institutional Membership only for their clients, and a 10% agency commission is applicable to such orders. Individual Membership and PreK-8 School Membership are not available through subscription agencies.

Orders must include the following information for each recipient: Institution name (or a unique identifier for that enduser only), full mailing address (either direct ship or reship), and whether the order is for a new or renewal membership/subscription.

We strongly recommend that you provide us with your reference number. It is also advisable to provide the address used for the previous year’s order if you are renewing with a change of address, and the reference number used the previous year if you do not maintain the same reference number for a single client from year to year. This information helps us avoid duplicate or missing subscriptions, and the resultant disruptions in service to your clients.

ADDITIONAL INFORMATION FOR AGENCIES

1. Membership Start Dates: Orders are entered according to the date payment is received in the NCTM Headquarters Office. We cannot backdate or honor requests for specific start dates to subscriptions, nor can we prorate subscriptions for other than full years. Back issues for the past 18 months are generally available for purchase – call or e-mail for prices. A multi-year plan is available; you can lock in your client’s subscription for up to three years at today's rates.

2. Remittance: All orders must be accompanied by payment in order to be processed.

3. Renewals: Agencies are given ample time to renew client subscriptions; NCTM does not send renewal notices directly to agency customers until one month prior to expiration.

4. Claims: Claims for missing issues covered by your client’s subscription will be honored if placed in a timely fashion. Journal fulfillment begins with the month following the nominal start of the membership. Your domestic subscribers should allow two (2) weeks after the cover date, Canadian subscribers three (3) weeks, and other subscribers outside the US and Canada should allow two (2) months before placing a claim with you. Domestic claims must be placed within three (3) months of the cover date, Canadian and other foreign claims within six (6) months.

NCTM’s journals are available online for institutions through JSTOR. NCTM offers Electronic-Only and Print+Electronic subscriptions via the JSTOR Current Scholarship Program. Renew or order your new subscriptions with JSTOR today by contacting participation@jstor.org
