INTRODUCTIONvii

I. MATHEMATICS TEACHING AND LEARNING..... 1

 1. How Should Elementary Math Class Look and Sound?3

 2. Learning Mathematics with Understanding 17

II. LAYING THE GROUNDWORK.....33

 3. Preparing for a Successful Beginning35

 4. Setting Up Your Classroom 45

 5. Building a Supportive Learning Community53

 6. Establishing Routines to Support Mathematics Learning75

 7. Developing Computational Fluency 91

III. THE LESSON CYCLE113

 8. Tasks That Promote Learning Math with Understanding..... 115

 9. Lesson Planning.....129

 10. Lesson Enactment 151

 11. Lesson Reflection.....169

IV. ESSENTIAL ELEMENTS OF EFFECTIVE MATHEMATICS TEACHING.....193

 12. Mathematical Discourse.....195

 13. Assessment and Feedback 215

 14. Differentiation: Meeting the Needs of Diverse Learners 235

 15. Homework.....251
