

## TABLE OF CONTENTS

Acknowledgments .....	iv
A Special Note to Teachers .....	1
Shifting Assessment Practices .....	3
Myths of Teaching and Testing .....	5
Current Practices and Needed Changes .....	8
A Sample Assessment Plan .....	10
Performance Assessment .....	12
From the Classroom .....	12
Getting Started .....	14
Logistics .....	15
Criteria for Performance Tasks .....	16
Developing an Assessment Task .....	17
Projects and Investigations .....	18
Open-ended Questions .....	20
A General Rubric for Open-ended Questions .....	24
An Assessment System .....	25
Observations, Interviews, Conferences, and Questions .....	26
From the Classroom .....	26
Observations .....	27
Interviews and Conferences .....	28
Classroom Management .....	28
Asking Questions .....	30
Recording Observations and Interviews .....	33
Mathematics Portfolios .....	35
From the Classroom .....	35
Inside a Portfolio .....	37
Selected Goals and Suggestions for Contents .....	38
Managing Student Portfolios .....	40
Assessing Portfolios .....	42
Criteria for Evaluating Portfolios .....	43
Holistic Rubric for Using Portfolios to Evaluate Programs .....	44
Writing in Mathematics .....	45
Implementing Models of Assessment .....	49
From the Classroom .....	49
Documentation and Reporting .....	49
Grades and Statistics .....	50
Homework .....	52
Student Participation .....	53
Student Self-Assessment .....	55
Parent Newsletters .....	59
Looking toward the Future .....	60
Bibliography .....	61
Index .....	64
