

Contents

Preface	vii
How This Professional Development Resource Might Be Used.....	ix
Section I: Introduction.....	1
1. The Common Core State Standards for Mathematics: How Did We Get Here, and What Needs to Happen Next?.....	3
<i>Jere Confrey</i> , North Carolina State University, Raleigh	
<i>Erin E. Krupa</i> , Montclair State University, Montclair, New Jersey	
Section II: Interpreting and Responding to the Common Core State Standards for Mathematics	17
Introduction.....	18
Questions for Reflection and Collective Discussion	19
2. Making the Transition to the Common Core State Standards for Mathematics	21
<i>Randall I. Charles</i> , Emeritus, San Jose State University, California	
3. Common Core State Standards for Middle Grades Mathematics: Implications for Curriculum and Instruction.....	33
<i>Barbara J. Reys</i> , University of Missouri–Columbia	
<i>Barbara J. Dougherty</i> , University of Missouri–Columbia	
<i>Travis A. Olson</i> , University of Nevada, Las Vegas	
<i>Amanda Thomas</i> , University of Missouri–Columbia	
4. Standards for High School Mathematics in the Common Core State Standards Era ...	47
<i>W. Gary Martin</i> , Auburn University, Alabama	
<i>Eric W. Hart</i> , American University in Dubai, United Arab Emirates	
Section III: Building Curriculum Coherence: Case Studies	61
Introduction.....	62
Questions for Reflection and Collective Discussion.....	62
5. Using Curriculum to Build on Children’s Thinking.....	65
<i>Corey Drake</i> , Michigan State University, East Lansing	
<i>Michelle Cirillo</i> , University of Delaware, Newark	
<i>Beth Herbel-Eisenmann</i> , Michigan State University, East Lansing	

6. Using Curriculum to Focus on Understanding.....	73
<i>Michelle Cirillo</i> , University of Delaware, Newark	
<i>Beth Herbel-Eisenmann</i> , Michigan State University, East Lansing	
<i>Corey Drake</i> , Michigan State University, East Lansing	
7. Adapting Curriculum to Focus on Authentic Mathematics	81
<i>Michelle Cirillo</i> , University of Delaware, Newark	
<i>Corey Drake</i> , Michigan State University, East Lansing	
<i>Beth Herbel-Eisenmann</i> , Michigan State University, East Lansing	

Section IV: Cultivating Mathematical Practices and Habits of Mind 89

Introduction.....	90
Questions for Reflection and Collective Discussion.....	91
8. An Algebraic-Habits-of-Mind Perspective on Elementary School Mathematics	93
<i>E. Paul Goldenberg</i> , Education Development Center, Newton, Massachusetts	
<i>June Mark</i> , Education Development Center, Newton, Massachusetts	
<i>Al Cuoco</i> , Education Development Center, Newton, Massachusetts	
9. Developing Mathematical Habits of Mind.....	105
<i>June Mark</i> , Education Development Center, Newton, Massachusetts	
<i>Al Cuoco</i> , Education Development Center, Newton, Massachusetts	
<i>E. Paul Goldenberg</i> , Education Development Center, Newton, Massachusetts	
<i>Sarah Sword</i> , Education Development Center, Newton, Massachusetts	
10. Organizing a Curriculum around Mathematical Habits of Mind.....	111
<i>Al Cuoco</i> , Education Development Center, Newton, Massachusetts	
<i>E. Paul Goldenberg</i> , Education Development Center, Newton, Massachusetts	
<i>June Mark</i> , Education Development Center, Newton, Massachusetts	

Section V: Selecting and Strategically Using Technology Tools and Resources to Support Mathematics Teaching and Learning.....121

Introduction.....	122
Questions for Reflection and Collective Discussion.....	122
11. Strategically Using Calculators in the Elementary Grades.....	125
<i>Kathryn B. Chval</i> , University of Missouri–Columbia	
<i>Sarah J. Hicks</i> , Rockhurst University, Kansas City, Missouri	
12. Technology and Mathematics in the Middle Grades	139
<i>Richard Hollenbeck</i> , University of Maryland, College Park	
<i>James Fey</i> , University of Maryland, College Park	

13. Using Computer Algebra Systems to Develop Big Ideas in Mathematics with
Connections to the Common Core State Standards for Mathematics 149
Rose Mary Zbiek, Pennsylvania State University, University Park
M. Kathleen Heid, Pennsylvania State University, University Park

Section VI: Learning Progressions in School Mathematics: The Case of Statistics..... 161

- Introduction..... 162
Questions for Reflection and Collective Discussion 162
14. Statistics in the Elementary Grades: Exploring Distributions of Data 165
Christine A. Franklin, University of Georgia, Athens
Denise A. Spangler, University of Georgia, Athens
15. Statistics in the Middle Grades: Understanding Center and Spread..... 175
Gary Kader, Appalachian State University, Boone, North Carolina
Jim Mamer, Rockway Middle School, Springfield, Ohio
16. Statistics in the High School Mathematics Curriculum: Building Sound Reasoning
under Uncertain Conditions 185
Richard Scheaffer, Emeritus, University of Florida, Gainesville
Josh Tabor, Canyon del Oro High School, Tucson, Arizona

Section VII: Improving Vertical Articulation: Challenges and Promising Practices 195

- Introduction..... 196
Questions for Reflection and Collective Discussion 196
17. Transitions from Elementary to Middle School Mathematics 199
Janie Schielack, Texas A&M University, College Station
Cathy L. Seeley, Charles A. Dana Center, University of Texas at Austin
18. Transitions from Middle School to High School: Crossing the Bridge 207
Lisa C. Brown, Charles A. Dana Center, University of Texas at Austin
Cathy L. Seeley, Charles A. Dana Center, University of Texas at Austin
19. High School to Postsecondary Education: Challenges of Transition..... 215
Susan Hudson Hull, Charles A. Dana Center, University of Texas at Austin
Cathy L. Seeley, Charles A. Dana Center, University of Texas at Austin
