

Write for a department:

News

Do you know of a newsworthy happening in the field of mathematics education that elementary school and early childhood teachers should know about? The News & Views department of *Teaching Children Mathematics* is seeking news articles on current events in mathematics education that would be of interest to our readers. Focus on the facts: We want to know who, what, where, when, why, and how. For examples, see the February and March 2015 issues (pp. 325 and 390, respectively).

Limit your submission to 750 words. Photographs and figures may be embedded near their reference in the manuscript or may be uploaded separately. Author identification should appear on the cover page only. Access <http://tcm.msubmit.net> to submit your completed manuscript.

Go to <http://www.nctm.org/Publications/Write,-Review,-Referee/> for details and more information about TCM's departments; tips for preparing manuscripts for publication; and guidelines on how to include photographs, video clips, files, and other resources. Visit <http://www.nctm.org/tcmdepartments> to find detailed submission guidelines for all departments.
