

## The Back Page: My Favorite Lesson

# Teach Us A Lesson

“The Back Page” is the place to publish the story of your favorite lesson. You are invited to create an informal, personal narrative of no more than 600 words to describe your favorite lesson. Here are some questions to stimulate your thinking:

- What makes this lesson your favorite?
- What was the genesis of the idea?
- What are the overarching goals of the lesson?
- How did your students react to the lesson?
- How did you know the lesson worked?
- What did you learn from this lesson?
- What were some of the challenges in teaching the lesson?
- How has the lesson evolved over time?
- What would you do differently in the future?

Submit the story of your favorite lesson for review to the *Mathematics Teacher* at **mt.msubmit.net**. Be sure to check the box indicating that this manuscript is for The Back Page call. Guidelines for the preparation of manuscripts can be obtained at **www.nctm.org/mt**.
