00:49:59 David Barnes: Deanna, I was trying to answer your question in Q&A

and hit the wrong button. Would you repost the question on SOPIPA?:

00:50:24 Laura Lanasa: coworker said zoom

00:50:38 Deanna Watts: Safe for students to use, because they don't collect personal information like ip addresses.

00:52:07 Deanna Watts: Our district won't let us use anything that isn't compliant. The privacy policy says needs parent permission if under 13

00:52:22 Laura Lanasa: nice deanna Watts

00:52:41 David Barnes: Yes, they are SOPIPA compliant and do not collect data on the user.

00:53:14 Laura Lanasa: Michelle Watts, Zoom

00:53:45 Gricelda Monroy: Are any of these compatible with a Chromebook?

00:54:28 Beth Kobett: This is the fraction model link in your handout.:)

00:54:43 Amy Johnson: Yes, a lot of these work on Chromebooks

00:55:15 Sara Rudd: How do you know which ones work on a Chromebook?

00:55:31 Beth Kobett: Agreed. Lots work on chromebook

00:56:06 Amy Johnson: I've never had a problem with my students accessing these activities on their chromebooks.

00:56:19 Rosa Quiles: Rosa Quiles

00:56:44 Beth Kobett: Yes @Amy!

00:56:53 Alicia Horwitz: Don't you need to be an NCTM member to have access to these games? If not, where do you get them?

00:57:10 Allison Miller: nctm.org

00:57:17 Deniese Smiley: this fraction is interesting

00:58:11 Mohamed T: amazing

00:58:23 Florentia Spires: Does this offer a 2 player feature?

00:58:32 Matthew Catlin: Similar to Fraction Capture in Everyday Math

00:58:52 Matthew Catlin: Which is one of my favorite math games

00:59:30 Victoria Peacock: I think Investigations had a game like this too if I remember right

00:59:47 Beth Kobett: Please make sure that you change the chat to All panelists and attendees so we can see your amazing comments.

00:59:53 Amy Johnson: 5/10- could she have moved 1/2?

01:00:01 Laurie Lopez: we could have used 1/2

01:00:03 Prudence Krasofski: 5/10 could have moved the 3/6 to 1

01:00:09 Liz Moris: In Investigations you capture the chips
01:00:17 Kelly DiLeo: could you use $\frac{2}{4}$ for $\frac{5}{10}$?
01:00:20 Mark Phipps: Are the games going to be updated to not use Flash?
01:00:32 Sarah Mendes: My students will love this !

01:05:47 Katherine Prammer, PhD: @David - is there a program that will run
flash, similar to programs that let windows apps run on a Mac?
01:05:55 David Barnes: Deanna, Would you email me at dbarnes@nctm.org and

they do that?
01:08:45 Pujiyanto Pujiyanto: It'd be great if this available on Android
