PURPOSE OF SCHOOL MATHEMATICS

Each and every student should learn the Essential Concepts in order to expand professional opportunities, understand and critique the world, and experience the joy, wonder, and beauty of mathematics.

DO YOU BELIEVE IT?

"All children, given appropriate supports can learn math for understanding. The key is to find where the Mathlete is on solid ground and to provide tasks that will help him/her to move forward."

DO THEY BELIEVE IT?

“When we think about learning, we typically focus on getting information into students’ heads. What if, instead, we focus on getting information out of students’ heads?”
