## Every Breath You Take

NAME $\qquad$

1. In the box below, write your guess for the number of breaths you take each hour.

2. In the boxes below, record each classmate's guess (one per box.)

|  |  |  |  |  |
| :--- | :--- | :--- | :--- | :--- |
|  |  |  |  |  |
|  |  |  |  |  |
|  |  |  |  |  |
|  |  |  |  |  |

3. What is the highest estimate in the class? $\qquad$ The lowest? $\qquad$
4. How would you describe the guesses made by you and your classmates?
$\qquad$
$\qquad$
5. On the back of this sheet or on graph paper, draw a graph that displays the data.
6. Determine how many times you breathe in one hour. $\qquad$
Determine how many times you breathe in one day. $\qquad$

Explain the method you used to get your answers.
$\qquad$
$\qquad$
